PREFACE

In 1922 a *General Index* was published covering Volumes I–X (1906–1921) of the BULLETIN OF FRIENDS' HISTORICAL SOCIETY OF PHILADELPHIA. In Twelfth Month, 1923, the Society was merged with the Friends' Historical Association which had been chartered in 1873 but became inactive in later years. Since 1923 the BULLETIN has been published by the enlarged society which took the older name of *Friends' Historical Association.*

The present *General Index* covers only five years of the BULLETIN, Volumes XI–XV, 1922–1926. In this period a new department, "Items from Periodicals," has been added to the magazine. This department contains so much detail that the indexing problem has been considerably enlarged. Hence a *General Index* covering only five years seemed warranted. The more frequent publication of the Index will no doubt be a convenience to those who use the BULLETIN for reference.

Amy L. Post, of the Haverford College Library, did the indexing according to approved library practice and in her usual painstaking manner. Anna B. Hewitt, Secretary to the Curator of Quakeriana, prepared the manuscript for the printer and assisted in the reading of proof. Amelia M. Gummere caught several historical errors that escaped other eyes.

The *Logan-Story Correspondence* (the BULLETIN, vol. 15, number 2, 1926) was separately indexed. Hence the entries from it were not included in this General Index but a reprint of it is inserted at the close of this volume.

It is hoped that this *General Index* may guide every searcher promptly to his objective, and encourage all authors and publishers of Quaker history to make their contributions similarly accessible.
